

STATUS OF NON-REGULAR FACULTY COMMITTEE

Purpose: To promote better and more consistent representation of the interests of those faculty employees at the College who work as part time, non-regular part time, sessional, or regular part time faculty, and who are involuntarily deprived of job security, salary or benefits normally accorded regular faculty within the association membership.

Elections: Committee members are elected in the Spring at the General Meeting by the general membership.

Chair: The Chair is elected by the Committee members. The Chair usually serves as our member on the FPSE Status of Non-Regular Faculty Standing Committee.
