## ON-LINE COURSE SETTLEMENT REACHED NOVEMBER 24

Hello Everyone,

I am very pleased to be able to report that the Union reached a settlement this week with CNC and PSEA [post secondary employers' association] in a mediation conducted by arbitrator Ken Saunders over the Union's June 1, 2020 grievance regarding the development of online and distributed learning courses since the onset of the pandemic.

While the parties were unsuccessful in finding a settlement during the one day Labour Relations Board mediation on October 29, thanks to the efforts of Zoe Towle and FPSE counsel Steven Rogers the two days spent in mediation this week proved fruitful. I also want to send special thanks to all those members who were so generous with their time in meeting with counsel in witness preparation interviews!

The settlement means that faculty will receive some additional PD days in lieu of all your efforts during the Intersession 2020, Fall term 2020, and Spring term 2021. I have attached the settlement for your perusal. Please **do not contact CNC** until it sends out the information on how to access the additional days.

**Do Not Contact any Union representative using your CNC email address – it is not private or secure. Please use a personal email address Only**

In solidarity,
